No Hungry Child

NO HUNGRY CHILD PROGRAM

Indicative Kitchen Equipment Requirements & Approximate Budget

This document provides an indicative list of kitchen equipment required for an NGO centre implementing the No Hungry Child nutritious meal programme for approximately 100–200 children. The final equipment list, quantities, specifications and vendor quotations will be confirmed during implementation based on the centre size, menu, local conditions and approved programme requirements.

Sl. No.	Equipment / Item	Indicative Quantity	Approx. Cost (₹)
1	Commercial 3-burner / 4-burner gas cooking range	2	1,20,000
2	Heavy-duty stainless-steel cooking vessels / handi set	1 set	1,50,000
3	Commercial rice cooking / steam cooking unit	1	1,50,000
4	Commercial dosa / tawa / griddle	1	45,000

		Indicative overall kitchen infrastructure range	₹15,00,000–₹20,00,000

Important implementation notes

- The above figures are indicative planning estimates, not fixed quotations.
- The final equipment specifications and approved list will be communicated by No Hungry Child before procurement. NGOs should procure the quotation from the vendors in their respective locations and send it to No Hungry Child for their management's approval.
- Approved equipment may be paid for directly to vendors, with delivery made to the participating NGO centre.
- The NGO should ensure adequate water supply, drainage, electricity, ventilation, storage and basic safety arrangements.
- All invoices, delivery challans, warranty documents and payment records should be retained for programme records and reporting.
